Goodlet **TENNIS** Center

10 & Under Tennis is an exciting new play format for learning children's tennis, designed to bring kids 10 and under into the game.

By using this format, the benefits are immediate and within a short time kids are rallying, playing, and excited to keep playing. That means kids will have more fun and less frustration. They're playing real tennis and having real fun—and that's what is most important.

What's Different?

- *Courts are smaller and easier to cover.
- *Balls bounce lower and slower, making them easier to hit.
- *3 levels of tennis balls for kids 8 and under, 9 to 10 years old, and 10 to 12 years old.
- *Racquets sized for small hands that are easier to grip and swing.
- *New scoring rules that allow for more and shorter matches.

FLORIDA singles, double and mixed doubles against other teams, promoting social skills and important values by fostering spirit of cooperation and unity, as well as individual self-growth.

It's a fun environment for kids in which they learn that succeeding is really more about how they play the game rather than winning or losing.

USTA Jr. Team Tennis Program brings kids ages 5-18 together in teams to play
